2027 VIRGINIA WAREHOUSE CATALOG

TIMELESS DESIGNS, ENDURING STYLE

Dear Valued Partner,

Since our founding in 2018, FD Home has been committed to offering well-designed furniture that combines quality, style, functionality, and value.

Our management team brings more than 80 years of combined furniture industry experience in design, merchandising, sales, manufacturing, and distribution.

That experience continues to guide the development of products for today's changing marketplace.

As costs and consumer preferences have evolved, so has our product line. In addition to traditional wood solids and veneers, FD Home now offers thoughtfully developed melamine and paper-based collections that provide attractive styling, durability, and exceptional value while maintaining the quality our customers expect.

Our Martinsville, Virginia warehouse continues to be a major focus of our business, providing retailers convenient access to stocked bedroom and dining collections with flexible ordering and easy pickup options.

Across every price point, we remain focused on quality, style, functionality, availability, and value for both our retail partners and their customers.

We invite you to explore the FD Home Virginia Warehouse Catalog and contact your local representative for additional information, pricing, or availability.

Sincerely,
FD Home Team
